

In the name of God

## Curriculum vita (CV)

**Name:** Alireza Abdi

**Marital status:** married

**sex:** male

**Children:** 2

**Birth date:** 1982

**Email:** [A\\_abdi61@yahoo.com](mailto:A_abdi61@yahoo.com) · [Arabdi@Kums.ac.ir](mailto:Arabdi@Kums.ac.ir)

**cell phone:** 09183370389

**Research interests:** emergency and critical care

### **1- Educational history**

Education degree	Field of study	university	year
BSC	nursing	Kurdistan University of Medical Sciences	2003
MSc	Critical care nursing	Kermanshah University of Medical Sciences	2011
PhD	Nursing education	Shahid Beheshti University of Medical Sciences	2016

## **2- Academic achievements**

- The first rank of MSc exam in 2009
- The first rank of BSc period, during 2000-2003
- The second rank of MSc period in 2011
- Top researcher of Kermanshah University of medical sciences in 2015
- The head manager of nursing department in nursing school of Kermanshah-Iran 2016 until now
- The head of student research committee of Kermanshah university of medical sciences for more than three years

## **3- Job history**

- Working in emergency ward of AL-Zahra hospital of Gilane Gharb as clinical nurse for 2 years
- Working in medical-surgical ward of Imam Khomini hospital of Isalmabad Gharb for 1 year
- Working in emergency unit of Abolfazl (AS) hospital of Ghasreshirin as clinical nurse and supervisor for 9 years
- Working in emergency and critical care department of nursing and midwifery school of Kermanshah as the faculty and nursing and head of the department

## **4- Reviewer activities**

- Nursing education journal (ISC)
- Journal of Clinical and Diagnostic Research (PubMed)
- BMC medical education (ISI)

➤ Plos one

## **5- Approved research projects**

- (1) Critical care nurses experience of using intuition in clinical practice, intuition application instrument development: a mixed method study
- (2) Relationship between clinical competency and decision-making of nurses working in Kermanshah hospitals
- (3) Correlation between self-care behaviors and quality of life of heart failure patients
- (4) Correlation between job performance and organizational space of nurses working in educational hospitals affiliated to KUMS
- (5) Prevalence of mine explosion injuries and explosive components remaining from imposed war, in referees to Ghasre shiring hospital from 2000 to 2010
- (6) Effects of regular exercise program on depression of CRF patients under hemodialysis treatment of Imam Reza hospital of Kermanshah
- (7) The incidence and reporting rate of needle stick injuries in faculty surgeons of KUMS in 2012
- (8) The causes of tendency to Drug use in referees to addiction treatment centers of Kermanshah in 2011
- (9) The epidemiologic investigation of scorpion sting in referees to health centers of Gilane Gharb, Ghasre Shirine and Sarpole Zahab during 2009-2010
- (10) The causes of mortality in patients admitted to Ghasreshirin hospital during 2001 to 2011
- (11) The assessment of learning style of nurses working in Imam Reza hospital and its correlation with their clinical competency
- (12) The attitude of intensive care nurses and nursing students toward euthanasia in KUMS hospitals in 2016

- (13) The assessment of violence against nurses in emergency wards of hospitals affiliated to KUMS
- (14) The effect of eucalyptus evaporate in ventilator associated pneumonia of critical care nurses
- (15) Comparing the attitude of general and critical wards nurses toward do not resuscitation in KUMS hospital in 2016
- (16) Assess the prevalence of self-medication and related factors among students of Kermanshah University of Medical Sciences in 2016-2017
- (17) The prevalence of self-medication in students: A systematic review and meta-analysis study
- (18) Exploring the primigravid women perception of labor pain and their priority to choose the type of labor: a qualitative study
